

Systematic reviews used to collect the gold standard.
Divided into subgroups

Crime	
Cognitive and behavioral radicalization: A systematic review of the putative risk and protective factors	Campbell Collaboration
Effects of bystander programs on the prevention of sexual assault among adolescents and college students: A systematic review	Campbell Collaboration
Effects of second responder programs on repeat incidents of family abuse: An updated systematic review and meta-analysis	Campbell Collaboration
Focused deterrence strategies effects on crime: A systematic review	Campbell Collaboration
Hot spots policing of small geographic areas effects on crime	Campbell Collaboration
Insatser i öppenvård för att förebygga ungdomars återfall i brott	SBU
Juvenile Curfew Effects on Criminal Behavior and Victimization: A Systematic Review	Campbell Collaboration
Multiagency programs with police as a partner for reducing radicalisation to violence	Campbell Collaboration
Online interventions for reducing hate speech and cyberhate: A systematic review	Campbell Collaboration
Opioid-specific medication-assisted therapy and its impact on criminal justice and overdose outcomes	Campbell Collaboration
Organized crime groups: A systematic review of individual-level risk factors related to recruitment	Campbell Collaboration
Psykosociala insatser för att förebygga och minska gängkriminalitet bland barn och unga vuxna	SBU
Risk- och behovsbedömning av ungdomar avseende återfall i våld och annan kriminalitet	SBU

The Effects on Re-offending of Custodial vs. Non-custodial Sanctions: An Updated Systematic Review of the State of Knowledge	Campbell Collaboration
